

January Lingers On...

Dear Kindergartners,

We have to work really hard and get serious about our weekly homework. We are heading towards first grade and have a lot to learn this semester. Everyone is working so hard to learn our word-family spelling words each week.

Don't rush through your work, but talk about it with your parents and do your very, very best! Enjoy the leveled readers at home, and return them the next day if possible.

This week we reviewed the words: "see" and "look" and were introduced to the letter "Ff." How many words can you list that begin or end with that sound?

Our AMAZING WORDS this week were: goose, gosling, caterpillar, butterfly, reflection, and cocoon. Can you tell your parents the meaning of these words, and a little about the story, Farfallina and Marcel?

In math we were introduced to addition, and having fun adding manipulatives. We know the meaning of the words add, equals, sum, and addition sentence.

REMEMBER: 100th Day is Monday, January 22nd. We have received Ziploc bags with things such as 100 Cherrios, 100 crackers, 100 pieces of rice, macaroni, or something we can count (and/or) use as a snack. Thanks to those who volunteered to help from 9-10:30 on Monday.

Keep warm! It's been ridiculously cold, but hopefully is warming up now!

Mrs. Swingley
